

# CLEAN POD | JURONG CENTRAL PARK

Updated as Jan 2022

# Instruction to Access CleanPod

**1) Push the button [REDACTED] on the key pad to unlock.**

**2) Items in the shed:**

- 2 heavy duty carts, two plastic containers with 50 metal tongs each
- 50 pails as replacement for trash bags (or prepare own trash bags if necessary)
- 30 small plastic tongs for young children
- Plastic and metal sieves for collection of meso and micro plastic
- 3 weighing scales (please remove battery after every use)

**3) Collect the necessary tools and place them on the heavy duty cart. You may bring the cart to the meeting point for distribution**

**4) Upon completion of clean-up, consolidate all the collected litter in trash bags and dispose at the designated point marked in the map.**

**5) Wash and dry all items. Please ensure no collection of water on the items to prevent rusting or mosquitoes breeding**

**6) Return all items to the CleanPod and KEEP IT TIDY for the next user.**

**7) Lock it by pressing down all numbers on the key pad .**
